ADVENTURE 390 | 2024

Merging all-road versatility and proven reliability with real-world performance, The 2024 KTM 390 ADVENTURE makes heading on an adventure an everyday possibility. Powered by a proven 373 cc powerplant churning out 44 HP via a 6-speed gearbox, a class-leading chassis, and a 400 km tank range thanks to a 14.5-litre tank, it hits the road with purposeful intent. Whats more, adjustable 43 mm WP APEX forks, 170 mm of wheel travel, OFFROAD MODE, and the option of 19/17" heavy-duty tubed spoked wheels, mean it is perfectly suited to the trail too.
