

KTM RALLY 450 REPLICA

Arguably the purest expression of KTM's READY TO RACE philosophy: the 2021 **KTM 450 RALLY REPLICA** comes direct from the trails and dunes of the Dakar Rally and FIM Cross-Country Rallies and is honed by the expertise of Red Bull KTM Factory Racing's Toby Price, Sam Sunderland and Matthias Walkner. This limited-edition race bike benefits from a new PANKL Racing Systems gearbox and revised ratios for 2021 as well as a stiffer suspension setting to further fine-tune the exceptional handling. These modifications are a result of the testing and competition-proven developments through one of the toughest motorcycle racing arenas.
