

KTM SMR 450 | 2023

Making a welcomed return to the KTM range is the highly anticipated KTM 450 SMR. It is based on the championship winning KTM 450 SX-F that is a proven formula and is the industry benchmark. It combines what we have in a winning formula in the KTM 450 SX-F and our READY TO RACE genes and for 2021, this machine delivers superior performance and easy handling. It features an extremely compact, single overhead camshaft cylinder head and together with the efficient electronic fuel injection, it produces it's power in the most effective way possible. It is fitted with premium components making it the most complete and most competitive model in the Supermoto racing segment.
