EXC-F 350 | 2027

Widely known for its 250-like agility and 450-like power, the KTM 350 EXC-F has built a reputation for versatility. But, that doesn't mean it's compromised. Gaining instant recognition on its arrival in 2012, it has become a class-leading model due to its sheer rideability and competitive power output. Still, it brings an all-in attitude to the fray, charging toward the limit with next-level ability.
