

KTM EXC 150 | 2024

Taking its place as the entry-level enduro weapon in the EXC arsenal, the 2024 KTM 150 EXC isn't one to take for granted. Featuring the same model enhancements as the rest of the KTM 2024 EXC range - like an all-new frame, closed-cartridge suspension, new bodywork, and an all-new TBI fueling system - it packs enough punch to hang on to the big boys, while commanding just as much respect.
