SMC 690 R | 2024

The KTM 690 SMC R raises the bar for street hooligans. The revised chassis and styling are boosted by the latest 690 LC4 motor and an updated electronics package, so whether you express your tarmac-sliding talent on mountain roads or on the track, you'll be drifting into the future with a maxed-out grin and your veins coursing with adrenaline. Handling is enhanced by the latest fully-adjustable WP APEX suspension, so all you have to worry about is focusing on the road ahead and twisting the throttle to the stoppers.
