

KTM SX-E 3

Perfect for grass-roots level riders and just as green, the 2023 KTM SX-E 3 breaks ground at the leading edge of all-electric mini-cross. Aimed at absolute beginners, the KTM SX-E 3 slides into the range below the more powerful KTM SX-E 5 with an ever more user-friendly package. Lower power output, battery capacity, and smaller wheels make it the ideal choice for the youngest of riders finding their feet - and throttle.

Charging power: 900 W
Charging time 100%: 60 min

Price including PowerPack and charger.
